Manual Threading

Threading the Needles

Thread right needle following steps a thru i. Follow YELLOW color marked thread guides.

- a-c. Refer to steps 1-3 in threading upper and lower looper thread.
- d. Hook thread into guide and pull it toward the left.
- e. Hook thread into back opening of guide and pull thread up.
- f. Hook into guide by sliding thread across top and down.
- g. Hook thread into right side opening of guide.
- h. Pass thread through right guide.
- i. Use the tweezers to thread the right needle eye front to back. Pull at least 3 inches of thread through the needle eye.

Thread left needle following steps A through H. Follow RED color marked thread guides.

- A-C. Refer to steps 1-3 in threading upper and lower looper thread.
- D. Hook thread into front opening of guide and pull thread up.
- E. Hook into guide by sliding thread across top and down.
- F. Hook thread into left side opening of guide.
- G. Pass thread through left guide.
- H. Use the tweezers to thread the left needle eye front to back. Pull at least 3 inches of thread through the needle eye.

TIP: Practice threading your machine at least once a day until you are comfortable with the process.
